Right before the holidays, the students had the opportunity to enjoy two fabulous programs. The first program featured the Parkway Spirit Squad who moved the crowd during an entertaining performance at our monthly School Wide Morning Meeting (SWMM).

The second picture features our Winter Sing Along. During this time frame, Mrs. Scharnick directed an all school assembly featuring a guest violinist, Anne DeVroome. As Mrs. Gember and Mrs. Russell worked together to narrate the story, The Night Before the Snow Day the students had the opportunity to sing winter songs in celebration of the upcoming holidays.

GYMNASTICS UNIT
I’d like to thank all of our parent and community volunteers for supporting our children while they participated in the gymnastics unit.

Feel free to stop by Parkway to enjoy all of the amazing student artwork displayed throughout the hallways and in the glass cases in the entryway. The students’ artwork showcases their creativity as well as plays an integral role in ensuring the school is a beautiful learning environment and a welcoming place for everyone who visits.

NOTES
• With the frigid weather outside, it is important to make sure your child has the proper winter clothing to protect them against the harsh winter elements. If you have additional winter clothing that you’d like to donate to children in need, we would appreciate your donations.

• Due to extreme weather conditions, next week (Feb. 4-8) we are extending the Pennies for Patients Drive for Make A Wish. The money we raise will be going to help raise funds for a Make A Wish trip for Debbie Weber’s daughter (Caitlyn). Each day, Student Council will collect the following:

Thanks for helping us support the Make A Wish Foundation & Caitlyn.

• Please note that I will be out during the month of March as I recover from surgery. Mrs. Janine Park, one of Parkway’s Speech Pathologists who also has an administrative license will fill in for me during my leave.
